The degree work was in charge of Mrs. Frank J. Farrell, of Torrance, who is district deputy for the Long Beach court. Fourteen officers and members of the local court attended the initiation ceremonies.

Mrs. Howard Schott and her committee are busy with arrangements for the CDA-sponsored dance to be held Saturday, January 28, at the American Legion clubhouse on Border avenue.

Several novelty dances will be featured throughout the evening. Friends are welcome; tickets may be procured at the door.

**New Classes For Harbor City School**

Two new classes for Harbor City, under the sponsorship of Banning Evening Adult School, have been announced by Walter E. Holstein, principal. Both in the field of Home Economics they are designed to help women with their hat and dress problems. The class in millinery proposes to provide women with individual instruction in such skills as working with wooden blocks for blocking, using buckram frames, the restyling of old hats, reblocking of felts and straws, and the reconditioning of hats. Individuals can work on hats for families, or they can work on professional techniques ranging from steaming a flange to designing a hat for personality, color or accessories. At the end of the semester a style show serves as an "examination."

Mrs. Pamela Grubb, course instructor, has had 20 years of experience in the field, including study with the best designers in New York and Chicago and four years with Madame Simone in Los Angeles. The group meets at Harbor City School, 1058 West 254th street, Tuesdays from 9:00-12:00, and at Banning High School Mondays 6:30-9:30.

Mrs. Ruth Mohler, instructor in Dressmaking, will meet her group at Harbor City on Mondays from 9:00-12:00. She has had some 20 years experience in the Wilmington area. Contacts with ready-to-wear clothing have enabled her to keep in touch with the better designers and patterns and have given her a wide variety of fitting situations. The course will start with the foundation skills, including styling, cutting and fitting to suit individual needs.

**Civic Music Association Cancels Celebrity Series**

Announcement of the cancellation of the Civic Music Association Celebrity Series scheduled concerts is being made through its executive secretary, Mrs. William J. Pyatt.

Said Mrs. Pyatt, "in order to meet our financial commitment it would have been necessary to sell at least 800 memberships. General lack of interest, or too much divided interest, has prevented us from reaching this goal."

The concerts scheduled for the Redondo Union High School auditorium were all nationally known events and included Mariemma and her Spanish Dancers, February 4; Stephan Kovacs Piano Ensemble, February 25; Giuseppe di Stefano, March 8; and Poesella Chamber Symphony, April 15.

"The executive committee and board of directors wishes to thank all workers and subscribers for their interest in and loyalty to this cultural undertaking, which for four years has brought nationally known entertainment into our community. Membership fees will be returned within the week."

**Skating's Fun for Y'Teeners**

Eight Grade YTeen Club members Friday journeyed to Iceland in Paramount for an enjoyable evening of ice skating, accompanied by Mr. and Mrs. Joseph C. Lukes.

Taking part in the evening's fun were Gail Askin, Carol Davis, Norma Mead, Phyllis Schneider, Emma Valencia, and Beverly Mease. Mrs. Lukes is Torrance YWCA Program Director.

The Eighth Grade Club meets each Tuesday at the Christian Church with Miss Joyce Franzen as advisor.

**YULE SEAL CAMPAIGN SUCCESSFUL**

Torrance residents purchased \$65.37 worth of Christmas Seals during the recent supplemental sales campaign here. Of this sum, \$13.68 came from sales booths staffed by a committee of local women under the direction of Mrs. Albert Dumont, 2765 Arlington avenue, and \$51.72 from self-service merchandisers placed throughout the city by her group.

This was announced today by Kenneth A. Hartzell, president of the Combined Christmas Seal Fund of the Los Angeles County Tuberculosis and Health Association, who said that the total receipts for the county to date were more than \$370,000.

"Since many who received and used Christmas Seals have not yet paid for them," he said, "we are confident that we will more than reach our goal of \$500,000." Funds, he said, will be used by the Tuberculosis Association and the Los Angeles Heart Association to combat tuberculosis, heart disease and rheumatic fever.

"Credit for our successful campaign goes to those who bought Christmas Seals, of course, but also to the postal employees who delivered Seals to more than 650,000 homes and to the 2,000 volunteers who assisted in our mail sale, who staffed sales booths and who placed self-service dispensers throughout the county."

Women have often more of what is called good sense than men. They have fewer pretensions; are less implicated in theories; and judge of objects more from their immediate and involuntary impression on the mind, and therefore, more truly and naturally. By their wit, sense and cloquence together they generally contrive to govern their husbands.
